## Catalog Summary / 目录概览

Category / 类别	Products / 产品数
Cosmetic Peptides / 化妆品肽	370
Finished Supplement Concepts Containing Peptides / 含肽成品方案	2
Food-Derived Peptides / 食源肽	136
Nutrition Ingredients Containing Peptides / 含肽营养原料	4
Peptide Raw Materials / 肽类原料	222

Note: This catalog avoids therapeutic, disease-prevention, cure or drug claims. Product details are subject to specification review and local market requirements.

## Cosmetic Peptides / 化妆品肽

No.	English Name	中文名称	CAS	Specification / 规格	Form / 形态
1	AHK-Cu	AHK-Cu	156156-58-0	≥99%	Lyophilized Powder / Vials
2	Acetyl Decapeptide-1	Acetyl Decapeptide-1	Upon request	Specification available on request	Powder / granule / liquid / oil / solution / finished dosage / packaging component as applicable
3	Acetyl Decapeptide-2	Acetyl Decapeptide-2	Upon request	Specification available on request	Powder / granule / liquid / oil / solution / finished dosage / packaging component as applicable
4	Acetyl Decapeptide-3	Acetyl Decapeptide-3	Upon request	Cosmetic peptide; powder or solution	Powder / Oil / Solution / Finished dosage form, as applicable
5	Acetyl Decapeptide-4	Acetyl Decapeptide-4	Upon request	Specification available on request	Powder / granule / liquid / oil / solution / finished dosage / packaging component as applicable
6	Acetyl Dipeptide-1	Acetyl Dipeptide-1	Upon request	Specification available on request	Powder / granule / liquid / oil / solution / finished dosage / packaging component as applicable
7	Acetyl Dipeptide-2	Acetyl Dipeptide-2	Upon request	Specification available on request	Powder / granule / liquid / oil / solution / finished dosage / packaging component as applicable
8	Acetyl Dipeptide-3	Acetyl Dipeptide-3	Upon request	Specification available on request	Powder / granule / liquid / oil / solution / finished dosage / packaging component as applicable
9	Acetyl Dipeptide-4	Acetyl Dipeptide-4	Upon request	Specification available on request	Powder / granule / liquid / oil / solution / finished dosage / packaging component as applicable
10	Acetyl Heptapeptide-1	Acetyl Heptapeptide-1	Upon request	Specification available on request	Powder / granule / liquid / oil / solution / finished dosage / packaging component as applicable
11	Acetyl Heptapeptide-2	Acetyl Heptapeptide-2	Upon request	Specification available on request	Powder / granule / liquid / oil / solution / finished dosage / packaging component as applicable
12	Acetyl Heptapeptide-3	Acetyl Heptapeptide-3	Upon request	Specification available on request	Powder / granule / liquid / oil / solution / finished dosage / packaging component as applicable
13	Acetyl Heptapeptide-4	Acetyl Heptapeptide-4	Upon request	Specification available on request	Powder / granule / oil / liquid / solution / finished dosage form, as applicable
14	Acetyl Heptapeptide-9	Acetyl Heptapeptide-9	Upon request	Specification available on request	Powder / granule / oil / liquid / solution / finished dosage form, as applicable
15	Acetyl Hexapeptide-1	Acetyl Hexapeptide-1	Upon request	Specification available on request	Powder / granule / liquid / oil / solution / finished dosage / packaging component as applicable
16	Acetyl Hexapeptide-1 Stock Solution	Acetyl Hexapeptide-1 Stock Solution	Upon request	100 g	Market Candidate
17	Acetyl Hexapeptide-2	Acetyl Hexapeptide-2	Upon request	Specification available on request	Powder / granule / liquid / oil / solution / finished dosage / packaging component as applicable

No.	English Name	中文名称	CAS	Specification / 规格	Form / 形态
18	Acetyl Hexapeptide-3	Acetyl Hexapeptide-3	Upon request	Specification available on request	Powder / granule / liquid / oil / solution / finished dosage / packaging component as applicable
19	Acetyl Hexapeptide-38	Acetyl Hexapeptide-38	Upon request	Specification available on request	Powder / granule / oil / liquid / solution / finished dosage form, as applicable
20	Acetyl Hexapeptide-4	Acetyl Hexapeptide-4	Upon request	Specification available on request	Powder / granule / liquid / oil / solution / finished dosage / packaging component as applicable
21	Acetyl Hexapeptide-49	Acetyl Hexapeptide-49	Upon request	Specification available on request	Powder / granule / oil / liquid / solution / finished dosage form, as applicable
22	Acetyl Hexapeptide-51 Amide	Acetyl Hexapeptide-51 Amide	Upon request	Specification available on request	Powder / granule / oil / liquid / solution / finished dosage form, as applicable
23	Acetyl Hexapeptide-8	乙酰基六肽-8	Upon request	Argireline; specification pending verification	Powder
24	Acetyl Nonapeptide-1	Acetyl Nonapeptide-1	Upon request	Specification available on request	Powder / granule / liquid / oil / solution / finished dosage / packaging component as applicable
25	Acetyl Nonapeptide-2	Acetyl Nonapeptide-2	Upon request	Specification available on request	Powder / granule / liquid / oil / solution / finished dosage / packaging component as applicable
26	Acetyl Nonapeptide-3	Acetyl Nonapeptide-3	Upon request	Specification available on request	Powder / granule / liquid / oil / solution / finished dosage / packaging component as applicable
27	Acetyl Nonapeptide-4	Acetyl Nonapeptide-4	Upon request	Specification available on request	Powder / granule / liquid / oil / solution / finished dosage / packaging component as applicable
28	Acetyl Octapeptide-1	Acetyl Octapeptide-1	Upon request	Specification available on request	Powder / granule / liquid / oil / solution / finished dosage / packaging component as applicable
29	Acetyl Octapeptide-2	Acetyl Octapeptide-2	Upon request	Specification available on request	Powder / granule / liquid / oil / solution / finished dosage / packaging component as applicable
30	Acetyl Octapeptide-3	Acetyl Octapeptide-3	Upon request	Cosmetic peptide; powder or solution	Powder / Oil / Solution / Finished dosage form, as applicable
31	Acetyl Octapeptide-4	Acetyl Octapeptide-4	Upon request	Specification available on request	Powder / granule / liquid / oil / solution / finished dosage / packaging component as applicable
32	Acetyl Pentapeptide-1	Acetyl Pentapeptide-1	Upon request	Specification available on request	Powder / granule / liquid / oil / solution / finished dosage / packaging component as applicable
33	Acetyl Pentapeptide-2	Acetyl Pentapeptide-2	Upon request	Specification available on request	Powder / granule / liquid / oil / solution / finished dosage / packaging component as applicable
34	Acetyl Pentapeptide-3	Acetyl Pentapeptide-3	Upon request	Specification available on request	Powder / granule / liquid / oil / solution / finished dosage / packaging component as applicable
35	Acetyl Pentapeptide-4	Acetyl Pentapeptide-4	Upon request	Specification available on request	Powder / granule / liquid / oil / solution / finished dosage / packaging component as applicable

No.	English Name	中文名称	CAS	Specification / 规格	Form / 形态
36	Acetyl Tetrapeptide-1	Acetyl Tetrapeptide-1	Upon request	Specification available on request	Powder / granule / liquid / oil / solution / finished dosage / packaging component as applicable
37	Acetyl Tetrapeptide-11	Acetyl Tetrapeptide-11	Upon request	Cosmetic peptide; powder or solution	Powder / Oil / Solution / Finished dosage form, as applicable
38	Acetyl Tetrapeptide-15	Acetyl Tetrapeptide-15	Upon request	Cosmetic peptide; powder or solution	Powder / Oil / Solution / Finished dosage form, as applicable
39	Acetyl Tetrapeptide-2	Acetyl Tetrapeptide-2	Upon request	Cosmetic peptide; powder or solution	Powder / Oil / Solution / Finished dosage form, as applicable
40	Acetyl Tetrapeptide-22	Acetyl Tetrapeptide-22	Upon request	Specification available on request	Powder / granule / oil / liquid / solution / finished dosage form, as applicable
41	Acetyl Tetrapeptide-3	Acetyl Tetrapeptide-3	Upon request	Cosmetic peptide; powder or solution	Powder / Oil / Solution / Finished dosage form, as applicable
42	Acetyl Tetrapeptide-4	Acetyl Tetrapeptide-4	Upon request	Specification available on request	Powder / granule / liquid / oil / solution / finished dosage / packaging component as applicable
43	Acetyl Tetrapeptide-40	Acetyl Tetrapeptide-40	Upon request	Specification available on request	Powder / granule / oil / liquid / solution / finished dosage form, as applicable
44	Acetyl Tetrapeptide-5	Acetyl Tetrapeptide-5	820959-17-9	≥95%	Lyophilized Powder / Vials
45	Acetyl Tetrapeptide-9	Acetyl Tetrapeptide-9	Upon request	Cosmetic peptide; powder or solution	Powder / Oil / Solution / Finished dosage form, as applicable
46	Acetyl Tripeptide-1	Acetyl Tripeptide-1	Upon request	Specification available on request	Powder / granule / oil / liquid / solution / finished dosage form, as applicable
47	Acetyl Tripeptide-2	Acetyl Tripeptide-2	Upon request	Specification available on request	Powder / granule / liquid / oil / solution / finished dosage / packaging component as applicable
48	Acetyl Tripeptide-3	Acetyl Tripeptide-3	Upon request	Specification available on request	Powder / granule / liquid / oil / solution / finished dosage / packaging component as applicable
49	Acetyl Tripeptide-30 Citrulline	Acetyl Tripeptide-30 Citrulline	Upon request	Specification available on request	Powder / granule / oil / liquid / solution / finished dosage form, as applicable
50	Acetyl Tripeptide-4	Acetyl Tripeptide-4	Upon request	Specification available on request	Powder / granule / liquid / oil / solution / finished dosage / packaging component as applicable
51	Biotinoyl Decapeptide-1	Biotinoyl Decapeptide-1	Upon request	Specification available on request	Powder / granule / liquid / oil / solution / finished dosage / packaging component as applicable
52	Biotinoyl Decapeptide-2	Biotinoyl Decapeptide-2	Upon request	Specification available on request	Powder / granule / liquid / oil / solution / finished dosage / packaging component as applicable
53	Biotinoyl Decapeptide-3	Biotinoyl Decapeptide-3	Upon request	Specification available on request	Powder / granule / liquid / oil / solution / finished dosage / packaging component as applicable
54	Biotinoyl Decapeptide-4	Biotinoyl Decapeptide-4	Upon request	Specification available on request	Powder / granule / liquid / oil / solution / finished dosage / packaging component as applicable

No.	English Name	中文名称	CAS	Specification / 规格	Form / 形态
55	Biotinoyl Dipeptide-1	Biotinoyl Dipeptide-1	Upon request	Specification available on request	Powder / granule / liquid / oil / solution / finished dosage / packaging component as applicable
56	Biotinoyl Dipeptide-2	Biotinoyl Dipeptide-2	Upon request	Specification available on request	Powder / granule / liquid / oil / solution / finished dosage / packaging component as applicable
57	Biotinoyl Dipeptide-3	Biotinoyl Dipeptide-3	Upon request	Specification available on request	Powder / granule / liquid / oil / solution / finished dosage / packaging component as applicable
58	Biotinoyl Dipeptide-4	Biotinoyl Dipeptide-4	Upon request	Specification available on request	Powder / granule / liquid / oil / solution / finished dosage / packaging component as applicable
59	Biotinoyl Heptapeptide-1	Biotinoyl Heptapeptide-1	Upon request	Specification available on request	Powder / granule / liquid / oil / solution / finished dosage / packaging component as applicable
60	Biotinoyl Heptapeptide-2	Biotinoyl Heptapeptide-2	Upon request	Specification available on request	Powder / granule / liquid / oil / solution / finished dosage / packaging component as applicable
61	Biotinoyl Heptapeptide-3	Biotinoyl Heptapeptide-3	Upon request	Specification available on request	Powder / granule / liquid / oil / solution / finished dosage / packaging component as applicable
62	Biotinoyl Heptapeptide-4	Biotinoyl Heptapeptide-4	Upon request	Specification available on request	Powder / granule / liquid / oil / solution / finished dosage / packaging component as applicable
63	Biotinoyl Hexapeptide-1	Biotinoyl Hexapeptide-1	Upon request	Specification available on request	Powder / granule / liquid / oil / solution / finished dosage / packaging component as applicable
64	Biotinoyl Hexapeptide-2	Biotinoyl Hexapeptide-2	Upon request	Specification available on request	Powder / granule / liquid / oil / solution / finished dosage / packaging component as applicable
65	Biotinoyl Hexapeptide-2 Amide	Biotinoyl Hexapeptide-2 Amide	Upon request	Specification available on request	Powder / granule / oil / liquid / solution / finished dosage form, as applicable
66	Biotinoyl Hexapeptide-3	Biotinoyl Hexapeptide-3	Upon request	Specification available on request	Powder / granule / liquid / oil / solution / finished dosage / packaging component as applicable
67	Biotinoyl Hexapeptide-4	Biotinoyl Hexapeptide-4	Upon request	Specification available on request	Powder / granule / liquid / oil / solution / finished dosage / packaging component as applicable
68	Biotinoyl Nonapeptide-1	Biotinoyl Nonapeptide-1	Upon request	Specification available on request	Powder / granule / liquid / oil / solution / finished dosage / packaging component as applicable
69	Biotinoyl Nonapeptide-2	Biotinoyl Nonapeptide-2	Upon request	Specification available on request	Powder / granule / liquid / oil / solution / finished dosage / packaging component as applicable
70	Biotinoyl Nonapeptide-3	Biotinoyl Nonapeptide-3	Upon request	Specification available on request	Powder / granule / liquid / oil / solution / finished dosage / packaging component as applicable

No.	English Name	中文名称	CAS	Specification / 规格	Form / 形态
71	Biotinoyl Nonapeptide-4	Biotinoyl Nonapeptide-4	Upon request	Specification available on request	Powder / granule / liquid / oil / solution / finished dosage / packaging component as applicable
72	Biotinoyl Octapeptide-1	Biotinoyl Octapeptide-1	Upon request	Specification available on request	Powder / granule / liquid / oil / solution / finished dosage / packaging component as applicable
73	Biotinoyl Octapeptide-2	Biotinoyl Octapeptide-2	Upon request	Specification available on request	Powder / granule / liquid / oil / solution / finished dosage / packaging component as applicable
74	Biotinoyl Octapeptide-3	Biotinoyl Octapeptide-3	Upon request	Specification available on request	Powder / granule / liquid / oil / solution / finished dosage / packaging component as applicable
75	Biotinoyl Octapeptide-4	Biotinoyl Octapeptide-4	Upon request	Specification available on request	Powder / granule / liquid / oil / solution / finished dosage / packaging component as applicable
76	Biotinoyl Pentapeptide-1	Biotinoyl Pentapeptide-1	Upon request	Specification available on request	Powder / granule / liquid / oil / solution / finished dosage / packaging component as applicable
77	Biotinoyl Pentapeptide-2	Biotinoyl Pentapeptide-2	Upon request	Specification available on request	Powder / granule / liquid / oil / solution / finished dosage / packaging component as applicable
78	Biotinoyl Pentapeptide-3	Biotinoyl Pentapeptide-3	Upon request	Specification available on request	Powder / granule / liquid / oil / solution / finished dosage / packaging component as applicable
79	Biotinoyl Pentapeptide-4	Biotinoyl Pentapeptide-4	Upon request	Specification available on request	Powder / granule / liquid / oil / solution / finished dosage / packaging component as applicable
80	Biotinoyl Tetrapeptide-1	Biotinoyl Tetrapeptide-1	Upon request	Specification available on request	Powder / granule / liquid / oil / solution / finished dosage / packaging component as applicable
81	Biotinoyl Tetrapeptide-2	Biotinoyl Tetrapeptide-2	Upon request	Specification available on request	Powder / granule / liquid / oil / solution / finished dosage / packaging component as applicable
82	Biotinoyl Tetrapeptide-3	Biotinoyl Tetrapeptide-3	Upon request	Specification available on request	Powder / granule / liquid / oil / solution / finished dosage / packaging component as applicable
83	Biotinoyl Tetrapeptide-4	Biotinoyl Tetrapeptide-4	Upon request	Specification available on request	Powder / granule / liquid / oil / solution / finished dosage / packaging component as applicable
84	Biotinoyl Tripeptide-1	Biotinoyl Tripeptide-1	Upon request	Cosmetic peptide; powder or solution	Powder / Oil / Solution / Finished dosage form, as applicable
85	Biotinoyl Tripeptide-2	Biotinoyl Tripeptide-2	Upon request	Specification available on request	Powder / granule / liquid / oil / solution / finished dosage / packaging component as applicable
86	Biotinoyl Tripeptide-3	Biotinoyl Tripeptide-3	Upon request	Specification available on request	Powder / granule / liquid / oil / solution / finished dosage / packaging component as applicable

No.	English Name	中文名称	CAS	Specification / 规格	Form / 形态
87	Biotinoyl Tripeptide-4	Biotinoyl Tripeptide-4	Upon request	Specification available on request	Powder / granule / liquid / oil / solution / finished dosage / packaging component as applicable
88	Carnosine Decapeptide-1	Carnosine Decapeptide-1	Upon request	Specification available on request	Powder / granule / liquid / oil / solution / finished dosage / packaging component as applicable
89	Carnosine Decapeptide-2	Carnosine Decapeptide-2	Upon request	Specification available on request	Powder / granule / liquid / oil / solution / finished dosage / packaging component as applicable
90	Carnosine Decapeptide-3	Carnosine Decapeptide-3	Upon request	Specification available on request	Powder / granule / liquid / oil / solution / finished dosage / packaging component as applicable
91	Carnosine Decapeptide-4	Carnosine Decapeptide-4	Upon request	Specification available on request	Powder / granule / liquid / oil / solution / finished dosage / packaging component as applicable
92	Carnosine Dipeptide-1	Carnosine Dipeptide-1	Upon request	Specification available on request	Powder / granule / liquid / oil / solution / finished dosage / packaging component as applicable
93	Carnosine Dipeptide-2	Carnosine Dipeptide-2	Upon request	Specification available on request	Powder / granule / liquid / oil / solution / finished dosage / packaging component as applicable
94	Carnosine Dipeptide-3	Carnosine Dipeptide-3	Upon request	Specification available on request	Powder / granule / liquid / oil / solution / finished dosage / packaging component as applicable
95	Carnosine Dipeptide-4	Carnosine Dipeptide-4	Upon request	Specification available on request	Powder / granule / liquid / oil / solution / finished dosage / packaging component as applicable
96	Carnosine Heptapeptide-1	Carnosine Heptapeptide-1	Upon request	Specification available on request	Powder / granule / liquid / oil / solution / finished dosage / packaging component as applicable
97	Carnosine Heptapeptide-2	Carnosine Heptapeptide-2	Upon request	Specification available on request	Powder / granule / liquid / oil / solution / finished dosage / packaging component as applicable
98	Carnosine Heptapeptide-3	Carnosine Heptapeptide-3	Upon request	Specification available on request	Powder / granule / liquid / oil / solution / finished dosage / packaging component as applicable
99	Carnosine Heptapeptide-4	Carnosine Heptapeptide-4	Upon request	Specification available on request	Powder / granule / liquid / oil / solution / finished dosage / packaging component as applicable
100	Carnosine Hexapeptide-1	Carnosine Hexapeptide-1	Upon request	Specification available on request	Powder / granule / liquid / oil / solution / finished dosage / packaging component as applicable
101	Carnosine Hexapeptide-2	Carnosine Hexapeptide-2	Upon request	Specification available on request	Powder / granule / liquid / oil / solution / finished dosage / packaging component as applicable
102	Carnosine Hexapeptide-3	Carnosine Hexapeptide-3	Upon request	Specification available on request	Powder / granule / liquid / oil / solution / finished dosage / packaging component as applicable

No.	English Name	中文名称	CAS	Specification / 规格	Form / 形态
103	Carnosine Hexapeptide-4	Carnosine Hexapeptide-4	Upon request	Specification available on request	Powder / granule / liquid / oil / solution / finished dosage / packaging component as applicable
104	Carnosine Nonapeptide-1	Carnosine Nonapeptide-1	Upon request	Specification available on request	Powder / granule / liquid / oil / solution / finished dosage / packaging component as applicable
105	Carnosine Nonapeptide-2	Carnosine Nonapeptide-2	Upon request	Specification available on request	Powder / granule / liquid / oil / solution / finished dosage / packaging component as applicable
106	Carnosine Nonapeptide-3	Carnosine Nonapeptide-3	Upon request	Specification available on request	Powder / granule / liquid / oil / solution / finished dosage / packaging component as applicable
107	Carnosine Nonapeptide-4	Carnosine Nonapeptide-4	Upon request	Specification available on request	Powder / granule / liquid / oil / solution / finished dosage / packaging component as applicable
108	Carnosine Octapeptide-1	Carnosine Octapeptide-1	Upon request	Specification available on request	Powder / granule / liquid / oil / solution / finished dosage / packaging component as applicable
109	Carnosine Octapeptide-2	Carnosine Octapeptide-2	Upon request	Specification available on request	Powder / granule / liquid / oil / solution / finished dosage / packaging component as applicable
110	Carnosine Octapeptide-3	Carnosine Octapeptide-3	Upon request	Specification available on request	Powder / granule / liquid / oil / solution / finished dosage / packaging component as applicable
111	Carnosine Octapeptide-4	Carnosine Octapeptide-4	Upon request	Specification available on request	Powder / granule / liquid / oil / solution / finished dosage / packaging component as applicable
112	Carnosine Pentapeptide-1	Carnosine Pentapeptide-1	Upon request	Specification available on request	Powder / granule / liquid / oil / solution / finished dosage / packaging component as applicable
113	Carnosine Pentapeptide-2	Carnosine Pentapeptide-2	Upon request	Specification available on request	Powder / granule / liquid / oil / solution / finished dosage / packaging component as applicable
114	Carnosine Pentapeptide-3	Carnosine Pentapeptide-3	Upon request	Specification available on request	Powder / granule / liquid / oil / solution / finished dosage / packaging component as applicable
115	Carnosine Pentapeptide-4	Carnosine Pentapeptide-4	Upon request	Specification available on request	Powder / granule / liquid / oil / solution / finished dosage / packaging component as applicable
116	Carnosine Tetrapeptide-1	Carnosine Tetrapeptide-1	Upon request	Specification available on request	Powder / granule / liquid / oil / solution / finished dosage / packaging component as applicable
117	Carnosine Tetrapeptide-2	Carnosine Tetrapeptide-2	Upon request	Specification available on request	Powder / granule / liquid / oil / solution / finished dosage / packaging component as applicable
118	Carnosine Tetrapeptide-3	Carnosine Tetrapeptide-3	Upon request	Specification available on request	Powder / granule / liquid / oil / solution / finished dosage / packaging component as applicable

No.	English Name	中文名称	CAS	Specification / 规格	Form / 形态
119	Carnosine Tetrapeptide-4	Carnosine Tetrapeptide-4	Upon request	Specification available on request	Powder / granule / liquid / oil / solution / finished dosage / packaging component as applicable
120	Carnosine Tripeptide-1	Carnosine Tripeptide-1	Upon request	Specification available on request	Powder / granule / liquid / oil / solution / finished dosage / packaging component as applicable
121	Carnosine Tripeptide-2	Carnosine Tripeptide-2	Upon request	Specification available on request	Powder / granule / liquid / oil / solution / finished dosage / packaging component as applicable
122	Carnosine Tripeptide-3	Carnosine Tripeptide-3	Upon request	Specification available on request	Powder / granule / liquid / oil / solution / finished dosage / packaging component as applicable
123	Carnosine Tripeptide-4	Carnosine Tripeptide-4	Upon request	Specification available on request	Powder / granule / liquid / oil / solution / finished dosage / packaging component as applicable
124	Copper Decapeptide-1	Copper Decapeptide-1	Upon request	Specification available on request	Powder / granule / liquid / oil / solution / finished dosage / packaging component as applicable
125	Copper Decapeptide-2	Copper Decapeptide-2	Upon request	Specification available on request	Powder / granule / liquid / oil / solution / finished dosage / packaging component as applicable
126	Copper Decapeptide-3	Copper Decapeptide-3	Upon request	Specification available on request	Powder / granule / liquid / oil / solution / finished dosage / packaging component as applicable
127	Copper Decapeptide-4	Copper Decapeptide-4	Upon request	Specification available on request	Powder / granule / liquid / oil / solution / finished dosage / packaging component as applicable
128	Copper Dipeptide-1	Copper Dipeptide-1	Upon request	Specification available on request	Powder / granule / liquid / oil / solution / finished dosage / packaging component as applicable
129	Copper Dipeptide-2	Copper Dipeptide-2	Upon request	Specification available on request	Powder / granule / liquid / oil / solution / finished dosage / packaging component as applicable
130	Copper Dipeptide-3	Copper Dipeptide-3	Upon request	Specification available on request	Powder / granule / liquid / oil / solution / finished dosage / packaging component as applicable
131	Copper Dipeptide-4	Copper Dipeptide-4	Upon request	Specification available on request	Powder / granule / liquid / oil / solution / finished dosage / packaging component as applicable
132	Copper Heptapeptide-1	Copper Heptapeptide-1	Upon request	Specification available on request	Powder / granule / liquid / oil / solution / finished dosage / packaging component as applicable
133	Copper Heptapeptide-2	Copper Heptapeptide-2	Upon request	Specification available on request	Powder / granule / liquid / oil / solution / finished dosage / packaging component as applicable
134	Copper Heptapeptide-3	Copper Heptapeptide-3	Upon request	Specification available on request	Powder / granule / liquid / oil / solution / finished dosage / packaging component as applicable

No.	English Name	中文名称	CAS	Specification / 规格	Form / 形态
135	Copper Heptapeptide-4	Copper Heptapeptide-4	Upon request	Specification available on request	Powder / granule / liquid / oil / solution / finished dosage / packaging component as applicable
136	Copper Hexapeptide-1	Copper Hexapeptide-1	Upon request	Specification available on request	Powder / granule / liquid / oil / solution / finished dosage / packaging component as applicable
137	Copper Hexapeptide-2	Copper Hexapeptide-2	Upon request	Specification available on request	Powder / granule / liquid / oil / solution / finished dosage / packaging component as applicable
138	Copper Hexapeptide-3	Copper Hexapeptide-3	Upon request	Specification available on request	Powder / granule / liquid / oil / solution / finished dosage / packaging component as applicable
139	Copper Hexapeptide-4	Copper Hexapeptide-4	Upon request	Specification available on request	Powder / granule / liquid / oil / solution / finished dosage / packaging component as applicable
140	Copper Lysinate Proline	Copper Lysinate Proline	Upon request	Specification available on request	Powder / granule / oil / liquid / solution / finished dosage form, as applicable
141	Copper Nonapeptide-1	Copper Nonapeptide-1	Upon request	Specification available on request	Powder / granule / liquid / oil / solution / finished dosage / packaging component as applicable
142	Copper Nonapeptide-2	Copper Nonapeptide-2	Upon request	Specification available on request	Powder / granule / liquid / oil / solution / finished dosage / packaging component as applicable
143	Copper Nonapeptide-3	Copper Nonapeptide-3	Upon request	Specification available on request	Powder / granule / liquid / oil / solution / finished dosage / packaging component as applicable
144	Copper Nonapeptide-4	Copper Nonapeptide-4	Upon request	Specification available on request	Powder / granule / liquid / oil / solution / finished dosage / packaging component as applicable
145	Copper Octapeptide-1	Copper Octapeptide-1	Upon request	Specification available on request	Powder / granule / liquid / oil / solution / finished dosage / packaging component as applicable
146	Copper Octapeptide-2	Copper Octapeptide-2	Upon request	Specification available on request	Powder / granule / liquid / oil / solution / finished dosage / packaging component as applicable
147	Copper Octapeptide-3	Copper Octapeptide-3	Upon request	Specification available on request	Powder / granule / liquid / oil / solution / finished dosage / packaging component as applicable
148	Copper Octapeptide-4	Copper Octapeptide-4	Upon request	Specification available on request	Powder / granule / liquid / oil / solution / finished dosage / packaging component as applicable
149	Copper Palmitoyl Heptapeptide-14	Copper Palmitoyl Heptapeptide-14	Upon request	Specification available on request	Powder / granule / oil / liquid / solution / finished dosage form, as applicable
150	Copper Pentapeptide-1	Copper Pentapeptide-1	Upon request	Specification available on request	Powder / granule / liquid / oil / solution / finished dosage / packaging component as applicable

No.	English Name	中文名称	CAS	Specification / 规格	Form / 形态
151	Copper Pentapeptide-2	Copper Pentapeptide-2	Upon request	Specification available on request	Powder / granule / liquid / oil / solution / finished dosage / packaging component as applicable
152	Copper Pentapeptide-3	Copper Pentapeptide-3	Upon request	Specification available on request	Powder / granule / liquid / oil / solution / finished dosage / packaging component as applicable
153	Copper Pentapeptide-4	Copper Pentapeptide-4	Upon request	Specification available on request	Powder / granule / liquid / oil / solution / finished dosage / packaging component as applicable
154	Copper Tetrapeptide-1	Copper Tetrapeptide-1	Upon request	Specification available on request	Powder / granule / liquid / oil / solution / finished dosage / packaging component as applicable
155	Copper Tetrapeptide-2	Copper Tetrapeptide-2	Upon request	Specification available on request	Powder / granule / liquid / oil / solution / finished dosage / packaging component as applicable
156	Copper Tetrapeptide-3	Copper Tetrapeptide-3	Upon request	Specification available on request	Powder / granule / liquid / oil / solution / finished dosage / packaging component as applicable
157	Copper Tetrapeptide-4	Copper Tetrapeptide-4	Upon request	Specification available on request	Powder / granule / liquid / oil / solution / finished dosage / packaging component as applicable
158	Copper Tripeptide-1	Copper Tripeptide-1	Upon request	GHK-Cu; cosmetic peptide	Market Candidate
159	Copper Tripeptide-2	Copper Tripeptide-2	Upon request	Specification available on request	Powder / granule / liquid / oil / solution / finished dosage / packaging component as applicable
160	Copper Tripeptide-3	Copper Tripeptide-3	Upon request	Specification available on request	Powder / granule / liquid / oil / solution / finished dosage / packaging component as applicable
161	Copper Tripeptide-4	Copper Tripeptide-4	Upon request	Specification available on request	Powder / granule / liquid / oil / solution / finished dosage / packaging component as applicable
162	Decapeptide-4	Decapeptide-4	Upon request	Cosmetic peptide; powder or solution	Powder / Oil / Solution / Finished dosage form, as applicable
163	Dipeptide Diaminobutyryl Benzylamide Diacetate	Dipeptide Diaminobutyryl Benzylamide Diacetate	Upon request	SYN-AKE; cosmetic peptide	Market Candidate
